

Annie Camp Junior High School is located at 1814 W Nettleton Ave. Jonesboro, 72401. You have two parking options here. Bus Parking 1 is the easiest to find and on the same level as the main building. Bus Parking 2 is harder to find, but parking is better because it is right next to the warm-up room, closer to the drum set room, and doesn't have stairs for your drummers bringing equipment. If you're parking in Bus Parking 1, just set your GPS to Annie Camp and it will get you there. For those who wish to park in Bus Parking 2, I'm attaching another map and instructions. Please plan to arrive after 3:15. This will allow regular school traffic to be out the way. -Thanks! Grant Harbison

Instructions to Bus Parking 2

As I said earlier, this is a little harder to find but worth the effort, in my opinion. The easiest way to find this parking lot is to get on Google Maps and find the Jonesboro High School Baseball Field, which is located on the Annie Camp Campus. If that doesn't work, the closest house is 1014 Ferrell. Once at the house, just keep driving South.

On the attached map there is a route that begins at the right margin. This is where Nettleton Ave. and Nettleton Circle intersect. Head NW on Nettleton circle, the road name will change to Gee Street. The 1st stoplight you come to is at Gee and Matthews. (There is a Sonic on the NE corner of the intersection.) Turn left at this intersection. You will drive about 1000 feet and turn left again on Ferrell. Continue straight, South, and you will drive right to Bus Parking 2.
