However, suspension of such individuals shall not exceed the time prescribed for the probation or warning period.

C. SUSPENSION

A school shall forfeit all ratings or awards received during the period of violation. The school may not participate in ASBOA sanctioned activities, such as region, state, or any invitational festivals, contests and assessments during the schedule nor participate in any invitational, district, or state events during the suspension period.

A school shall forfeit all festival, contest, and/or assessment ratings and awards during the period up to one year of the violation. The band, orchestra, or individual may not participate in any interscholastic activities after it has been expelled. NOTE: The ASBOA Executive Board or Executive Secretary and Rules committee shall recommend expulsion to the Arkansas Activities Association Governing Body, which shall have the exclusive power to expel a school from the Association. This action requires a two-thirds majority vote of the AAA Governing Body.

E. In the event a penalty specified in paragraphs A-D above requires a forfeiture of rating or placement, the offending participant shall forfeit future ratings or awards requiring a specific rating or placement in the area of violation.

SECTION C. Judging Standards and Instructions (To be read aloud to the judges before a marching or concert assessment is allowed to commence.) (Revised ABA 2000)

1. The rating system of adjudication will be used for all region and state assessments, with five honor ratings. Each competing soloists, ensemble or organization shall be assigned a rating designating the excellence of its performance, as follows:
 - (a) DIVISION I - (Superior) - Represents the finest conceivable performance for the event and the class of participants being judged, worthy of the distinction of being recognized as being among the very best.
 - (b) DIVISION II - (Excellent) - Reflects an unusual performance in many respects, but not worthy of the highest rating due to minor defects, yet is a performance of distinctive quality.
 - (c) DIVISION III - (Good) - A good performance but one that is not outstanding. The performance shows accomplishment and marked promise, but is lacking in one or more essential qualities.
 - (d) DIVISION IV - (Fair) - A performance that shows some obvious weaknesses. These may reflect obvious weaknesses in complete sections of the ensemble or lack of rehearsal time. (Revised ABA 2008)
 - (e) DIVISION V - (Poor) - A performance which reveals much room for improvement. The director should carefully check his/her methods of instruction.
2. If a judge gives a rating other than Division I, he/she is expected to explain on the comment sheet, what the student, or group, should do to improve the performance.
3. Plus or minus ratings are not to be used for marching, solo-ensemble, concert or sight-reading events at region or state assessment.
4. Once a judge has placed a rating on a sheet the rating may not be changed.
5. The marks placed by the adjudicator in the areas of concern should accurately reflect the ensemble's overall rating. (ABA 2012)
6. (a) Judges shall not confer before ratings are placed on the comment sheets, and those sheets collected for tabulation.
(b) Judges shall be allowed to hold a few sheets within each classification at Region and State assessments.
7. Bands and orchestras performing in region assessment may not use the stage (performance area) for warm-up, except for the playing of a scale or chorale. Tuning of instruments should occur prior to entering the stage. In lieu of playing a scale or chorale in the performance area, the orchestra as an ensemble may perform a single tuning note for each open string. All bands and orchestras will warm-up in the warm-up area, perform in the performance area, and sight-read in the sight-reading room during concert assessment for the sake of standardizing what all organizations are expected to do. All bands and orchestras will warm-up in the warm-up area, perform in the performance area, and sight-read in the sight-reading room during concert assessment for the sake of standardizing what all organizations are expected to do. (ABA 2013)
8. Judges shall report any act of discourtesy by a music director to the assessment host, who shall forward the report to the ASBOA Executive Board for action.
9. Judges shall call to the attention of the host any irregularities of procedure on the part of a participant. No rating or comment sheets will be given to a participant who fails to follow established procedures.
10. Solos and Ensembles:
 - (a) Soloists and ensembles may use music with no penalty.
 - (b) Junior and Senior High School Soloists may play with or without accompaniment at Region Assessments.
 - (c) Senior High School soloists MUST play solos with accompaniment at Region level to qualify for State Assessment, and with accompaniment at State Assessment in order to be eligible for a 1st division rating, unless the solo is specified "unaccompanied".
 - (d) Each student is to be judged on performance only and is not to be persecuted because of the inadequacies of a director or the physical surroundings of the event.

- C. Each band or orchestra shall be composed of pupils of only one school, except that junior high and/or middle school students may play with senior high groups PROVIDED THEY ARE REGULAR MEMBERS OF SUCH GROUPS. (See Eligibility-SECTION II).
- D. In schools separated by gender, students will be allowed to combine into one band for ASBOA events. Classification shall be determined by combining the enrollment of the schools involved, and following the standard classification formula. (Revised 1992) All other eligibility rules apply.
- E. In cases where one director coops at two or more schools, these groups may be combined for region and state assessments. Classification shall be determined by combining the enrollment of the schools involved, and following the standard classification formula. (Revised 1989) All other eligibility rules apply.
- F. Judges are to be made aware of the classification of participating groups by means of printed sheets given to each judge, or taped to the judge's desk at all times. The number of students in each grade used in the band, will be indicated on the all adjudication sheets for assessments.

JUNIOR HIGH SCHOOL CLASSIFICATION

Class	EEEE-----	450 and above
	EEE-----	300 to 449
	EE-----	150 to 299
	E-----	149 and below

FORMULA - Classification is determined by the AVERAGE OF THE TOTAL SCHOOL ENROLLMENT OF ALL GRADES USED IN THE BAND OR ORCHESTRA. THUS, AN ENROLLMENT OF 400 in grade 8 and 350 in grade 9 gives us 750, divided by two (2) (the number of grades used) = 375. The band/orchestra would then be classified as 8EEE, since 8 is the highest grade used in the group. Classification number (7,8,9) is determined by the highest grade used in the organization.

SENIOR HIGH SCHOOL CLASSIFICATION

Class	AAAAA-----	850 and above
	AAAA -----	450 - 849
	AAA -----	250 - 449
	AA -----	125 - 249
	A -----	124 and below

Beginning 2018-2019 – Senior High will adopt the AAA 7A classification system. (ABA 2017)

Class DD — Second bands or orchestras as chosen by competitive auditions. Class DDD – Third bands or orchestras as chosen by competitive auditions. AAA and AAAAA after the DD or DDD classification indicate classes that DD or DDD feed. (DD-AAA is the second band by competitive auditions at a AAA school; DDD-AAAA is a third band by competitive auditions at a AAAAA school.) Single grade 10th, 11th, or 12th grade bands that are not designated as second bands will be classified according to the grade used followed by A, AA, AAA, AAAAA. *Example:* Class 10 – A band consisting of all 10th graders. Class 11 – A band consisting of all 11th graders. AAA and AAAAA after the grade indicates classes that the 10th or 11th grade band feeds. (10-AAA is a tenth grade band at a AAA school; 11-AAAA is an eleventh grade band at a AAAAA school, etc.) High school organizations may add the letter “C” to their classification during the first two years of the consolidation. *For example:* C-1AA, C-2AA – “C” designates consolidation, “1” and “2” designate first or second year of consolidation, “AA” designates classification according to enrollment. (ABA 2004) Class 7DD, 8DD and 9DD are second bands/orchestras chosen by auditions. (8DD indicates that the eighth grade is the highest grade used). Class D -- Bands or orchestras with students in their first year of training. NOTE: The student, or students, have been playing 365 days or less.

Class N-1, N-2, N-3 - For new programs in existence 3 years or less. (ABA 2013)

Class R-1, R-2 – For schools that are affected or newly created due to restructuring within a school district, 2 years or less

NOTE: See Section I. #10, page 14 for assessment performance order.

E. AUDITION PROCEDURES

1. The All-State Tryout Committee, under the supervision of the 1st Vice-President, will be given the responsibility of running the All-State tryouts and the tally room. The Committee will be made up of six members on a rotating basis - the member on the Committee the longest will be the Chairperson.
2. All-State candidate's names will be drawn to determine the tryout, thus giving a fair distribution of playing times. Each student will be given a tryout time. A student who misses his/her playing time will have five percent of the points possible per sheet deducted from their score and be allowed to audition at the next available time.
3. Five directors will be invited to serve on each All-State audition committee. The Olympic scoring system will be used (throw out the high and low scores and total the other three). Each of the nine regions is to be as equally represented as possible in the selection of committees. Directors will not be allowed to judge an All-State tryout instrument if any child of which they are parent or legal guardian is scheduled to tryout on that instrument. (*The tryout procedure committee also recommends that directors follow this guideline at the region level when possible.*) (Revised ABA 2004)
4. Tryout materials for winds, percussion and strings are to be chosen from the specified All-State tryout lists, with no deviation, with the exception of sight-reading. For instruments which draw from more than one source for their tryout material, at least one exercise shall be chosen from each source. (Corrected ABA 2015 for Band) Senior High band students will be required to know all the major and minor scales (natural form ONLY – ABA 2011) and a designated chromatic scale. Senior High Orchestra students will be required to know three octave major and melodic minor scales up to and including three sharps and three flats. Students will start scales on the required starting pitch and play only the required number of octaves. All scales are to be played by memory. (Revised ABA 2003) The penalty for cheating on scales will be disqualification from the tryout at which the infraction occurred, i.e. written form, altering instrument, etc. (Revised ABA 2008)
5. Each student must be asked all of the same materials as all others on that particular instrument. (*All material that is asked should be expected to be played and heard. All-State 2002 clarification*) **The prepared excerpts will be posted and listed 1, 2, 3 for scoring purposes on the sheet/card, but the student will be allowed to play them in whatever order makes them comfortable. Judges will score the excerpts on the corresponding lines for posted excerpts 1, 2 and 3 regardless of the order in which the student plays them. (For example, a student who played the third excerpt first would be scored on line 'C' of the score sheet for their first excerpt, as it is listed third).** (ABA 2013) All scales for junior and senior high auditions will be played in the order posted. (ABA 2004) (A judge will announce each scale.)
6. Students will be required to play one flat scale, one sharp scale and one minor scale, with the following exceptions: the C major scale and/or the chromatic scale may be required in lieu of one or both majors scales. (Revised ABA 2000) Wind and percussion players may only play the natural form of the minor scale(s) asked At All-Region/All-State auditions. (Revised ABA 2011) Orchestra strings are required to play melodic minor scales.
7. (a) A Junior or High School band student may audition on only one wind or percussion instrument for an All-Region or All-State Band (high school students only). An orchestra student may audition for the All-State Orchestra on one string instrument.
(b) Any student enrolled in both a bona-fide band class and a bona-fide string class at his/her member school may audition for the All-State Band and Orchestra on one wind or percussion instrument and one string instrument, if qualified at the Region level.
8. (a) All-State tryout chairmen will bring all of the tryout materials. The entire panel will choose the material to be used 30 minutes prior to the beginning of auditions.
(b) Copies of prepared material and sight-reading music may be used. Care must be taken by the committee chairmen that all copies are of the highest quality. Manuscript music may not be used. No published works for band may be used for sight-reading at All-State Tryouts.
(c) Students will be allowed 20 seconds to look over the sight-reading material at All-Region and All-State tryouts. (ABA 2008)
9. Judges at auditions are to be seated behind a screen. The name of the student and the school are not to be known by the judging panel. No form of tobacco is to be used in any tryout room.
10. Scales for winds, keyboard (no rolls) and band string bass are to be tongued ascending and descending and at a tempo of 72+ starting on the lowest note. These scales are to be played in the following rhythmic pattern: 2/4: one eighth note, followed by six, sixteenth notes, etc. Drum rudiments are to be played "open-closed-open". All-State string audition scales are to be played quarter note=120mm, detache, no vibrato with the top note repeated.
11. Any student not playing the required tempo and/or rhythmic pattern, and/or articulation, should receive credit, but shall not be scored above the center line (average) of the score sheet indicated for scales.
12. Where more than one room is used for auditioning any section, the first room shall be used for prepared exercises. The second room shall be used for scales and sight-reading. If only one room is used for the audition, prepared exercises shall be played first, followed by scales, then sight-reading." (Revised ABA 2003)

13. Flute, clarinet, trumpet, oboes, bassoons, trombones, and saxophones are to be judged by two panels.

14. Comprehensive percussion is to be divided at All-State as follows: one panel for snare drum (1 rudiment – 1 minute maximum time – monitor can stop, a portion of the snare exercise and sight-reading – 20 second study time, 30 second performance time); one panel for keyboard (2 scales - no rolls, a portion of the keyboard exercise and sight-reading – 20 second study time, 30 second performance time); one panel for timpani (tune pitches of timpani exercise - 15 seconds per drum will be permitted - strike each from lowest to highest consecutively in a half note rhythm quarter note = 80, a portion of the timpani exercise and sight-reading – 20 second study time, 15 seconds per drum tuning time, 30 second performance time). Rooms/instruments may be combined at the region level. Each student will have all equipment ready before entering the room (i.e. snare sticks, keyboard mallets, timpani mallets, permitted tuning device). Students may use their own instruments – timpani sizes designated below. (ABA 2005, 2012) (More information – Appendix C) Timpani sight-reading tuned pitches will be the same as the prepared pitches. (ABA 2007) The host will provide balanced action pedal tuning timpani only – sizes designated below. Timpani with other mechanisms can be requested in advance from the Region or State audition host. No tuning aids, whether electronic or manual will be allowed in the tryout room with the exception of the following: (1) tuning fork (2) pitch pipe (3) mallet percussion instrument (4) electronic version of pitch pipe such as Farley's PocketTones which may only emit indicated pitches; they may not visually indicate pitch intonation. (ABA 2007) **Mounted tuning gauges/devices on a student's own set of timpani whose tuning gauges/devices are not mechanically disengaged will not be allowed in the room. Furthermore, the host and/or any of the judges will not mechanically disengage tuning gauges/devices for students who are auditioning.** (Revised ABA 2014) The order of percussion tryouts at All-State auditions will be: TIMPANI, KEYBOARD, SNARE DRUM. (Revised ABA 2008)

Students may choose to play the timpani etudes on any three timpani ranging in size from 23" to 32". Timpani sizes 23", 26" 29", 32" will be placed in the All-Region and All-State audition room for students to use as they see fit for the set of exercises for that given audition year. (ABA 2016)

Audition hosts should provide the necessary drums and no more. Schools may bring their own equipment to auditions that meets the above criteria. (ABA 2016)

15. One panel will be used for baritones, one for tubas, and one for orchestra basses and band string basses. Bass audition material will remain separate and unchanged for orchestra and band, but both groups will be judged by the orchestra bass adjudicators – orchestra basses first followed by band string basses. (ABA 2015)

16. Students may use their own music at tryouts.

17. If an All-State qualifier does not pick up his/her playing card by the designated deadline, an alternate will be chosen, in order, from the alternates of that region who are present, to fill that slot. If no alternates are present from that specific region, an alternate will be drawn from the lot of 1st alternates present on that instrument from other regions. Alternates must have registered by the time designated in the instructions mailed to directors. Alternates that are chosen must pay the tryout fee before they are allowed to audition. At the time of the alternate draw, the names of four stand-by alternates for all instruments except Bb Clarinet will be drawn in addition to the regular alternates to fill out the tryout slots. The names of six stand-by alternates will be drawn for Bb Clarinet. (ABA 2005) After the last tryout, stand-by alternates will be allowed to tryout, in the order drawn, for any remaining unfilled tryout slots. Once the stand-by alternates begin to tryout, students who miss their tryout, will not be allowed to tryout. (Revised All-State 2002)

18. No warm-up will be allowed in the tryout room. Prior to playing an exercise, scale or sight-reading all students except violin, viola, cello and bass players will be allowed to play its first note as a sustained note. (ABA 2015) No repeated rhythmical variation of that note will be allowed. Failure to abide by this rule will result in the deduction of points of the score sheet indicated for musicianship. The student shall not be scored above the center line (average) of the musicianship score. If the violation occurs in the 2nd room of a two-room tryout, the student shall not be scored above the centerline (average) of the scale(s) or sight-reading score on which the violation occurred. (Rev. ABA 2003)

19. Students are responsible for being at the All-State and All-Region tryout rooms when their number is called. A student who misses his/her playing time will have 5% per sheet (ABA 2005) deducted from their score and be allowed to audition at the next available time. Hardship cases will be decided by the ASBOA President, 1st Vice-President and Secretary at the All-State tryouts, and by the Region Chairman, Region Secretary, and one additional region director appointed by the Region Chairman, at All-Region tryouts.

20. The names of All-State musicians posted at All-State auditions are not final. All directors will have the opportunity to pick up their student's score sheets at the end of the auditions. It is the director's responsibility to pick up his/her own score sheets. They will not be mailed. It is the director's responsibility to see that any discrepancies in calculations are reported to the first vice-president before 5:00 p.m. on the following Monday. Changes in seating, resulting from scoring errors verified by the first vice-president may include:

- (a) an increase in the size of a section in the third band to include the students whose names were posted at the auditions
- (b) The adjustment of seating within a section
- (c) The adjustment in band placement

Any school having a student affected by scoring errors will be notified as soon as possible by the first vice-president. The director is responsible for informing the student of the change. Each director is responsible for informing the students, parents, and administration of our policy concerning the posting of tentative results after All-State auditions. (Revised 1999)

21. A student may audition at All-State tryouts only on the instrument that they played at the Region tryouts, even if the music for a like instrument is the same.

22. In schools where there is no string program individual string players must pay an individual membership fee each year to be eligible to participate in ASBOA sponsored events. All rules and regulations apply to the student. A director/teacher in that school must declare responsibility for the student, including registration and filing of all forms, and entry fees.

23. If college students are used as monitors for region and/or state tryouts, they will be instructed as to their specific job, and no recruiting is allowed.

24. College personnel will not be involved in active recruiting in the rehearsal or performance areas at clinics, contests or assessments where they are employed or visiting. Out-of-state personnel employed by Arkansas musical organizations will abide by the same guidelines. The clinicians and adjudicators should be informed of these recommendations by the chairman of the sponsoring organization. We encourage a strong emphasis on professional ethics that will be used as a guideline for each individual college faculty member. If there is any infringement of these guidelines by college personnel, the infringement should be reported immediately to the chairman of the sponsoring organization. (Revised 1996)

25. On ACT test dates, All-State tryouts will begin at 12:30 p.m. to avoid conflicts. The starting time will be 11:00 a.m. if there is no ACT test. Alternates must register by the time designated in the All-State tryout instructions mailed to directors in order to be eligible for the draw to fill vacant audition slots. (Revised 1997 ABA) (10:00 a.m. for 2005 & 2006)

26. Any bass trombonist who is to qualify for an Arkansas All-State Band or who is auditioning for any spot in an Arkansas All-State Band, must tryout on a genuine bass trombone which is at least .559 inches in bore size. The mouthpiece used by any bass trombonist who qualifies

to audition for an Arkansas All-State Band must be a genuine bass trombone mouthpiece and have a genuine bass trombone shank, not a tenor mouthpiece adapter. The All-State tryout room sheet validator will be responsible for checking each bass trombone to ensure it meets the guidelines. (At the region level, it should be the responsibility of the room chairman). Any student whose instrument does not meet the criteria for a bass trombone will not be allowed to audition." (Rev. ABA 2003)

27. The order for breaking ties at region and all-state will be:

Winds/Strings - (1) sight-reading (2) musical expression (3) tone (4) scales; Percussion (1) sight-reading (2) musical expression (3) total minors (4) scales/rudiments/tuning (Revised ABA 2002) (Note – Percussion order needs to be addressed - #3 is no longer valid)

28. Students on all instruments must score at or above 25% of the total points possible to qualify to participate in All-Region or All-State. (Revised ABA 2011)

29. Orchestra Region Auditions: Audition rooms may not alternate between age levels or different instruments.

30. At the All-State tryouts, names and scores of students selected to the All-State organizations will be posted through those that made alternate. Only tryout numbers and scores will be posted (in descending order) for the remainder of the students. (ABA 2006)

31. No students auditioning for All-State (both concert and jazz) may use a metronome, tuning device, or other similar aids in the audition room. (ABA 2007) See VIII.E.14. above for the exceptions for tuning timpani.

32. Room monitors at All-State tryouts will follow the same cell phone use policies that are ascribed to judges. Room monitors will use watches or digital timers (kitchen timers) for the purpose of time keeping during sight-reading preparation time.

33. To enable directors and students to understand the scoring of a student that has committed a tryout procedure error, the committee chairman will be provided with index cards that are premade with the following procedure errors listed:

- Late to tryout
- Played wrong material or exercise
- Began or ended in the wrong place
- Played wrong scale or scales
- Played scales out of order

The chairman will write the student's tryout number on the index card, mark the error, and sign the card. The index card will be attached to the judge's cards. The index card will then be attached to the student's score printout sheet so that the director and student may be supplied with the information.

34. Any director that has students registered with ASBOA will be expected to work Region Junior/Senior events and state events as requested. Failure to do so shall result in notification of the proper school administrators. Director absences must be approved by the region officers and the ASBOA Executive Secretary at least two weeks in advance unless an emergency arises which is deemed acceptable. Region officers handle region auditions; the ASBOA Executive Secretary handles state auditions. (ABA 2015)

- Students may use their own instruments - provided that they are pre-placed in the tryout rooms, or can be moved in and out in less than 1 minute.
- Should a student have the highest sub-score in two or more areas,
 - They will choose one area to be named *Principal*
 - Then, the next highest sub-score will be named *Principal* in the other area(s).

The Strategy
TRYOUT ROOM(S)

Appendix D ASBOA Honor Ensembles

- Must make a First Division at ASBOA Region Concert Assessment to apply. Must submit recordings in MP3 format.
- For band – one selection must be a march and the other a selection from the ASBOA or UIL list
- For orchestra – both selections from the ASBOA or UIL list
- Both selections must have been recorded during the school year of submission and must be unedited. No splicing within a single composition or movement. No engineering, editing, or tampering in any way with the recording after the performance. After the initial recording, compression of the recording in any fashion is not allowed. The only allowable technical alteration to a recording is adjustment of master volume.
- Make sure there is nothing on the recording that identifies the ensemble, no verbal recognition of the group nor digital tags with the ensemble's info when the file is pulled up.
- The recordings are evaluated by out of state judges. Each ensemble is only identified by their classification. Once the scores are sent back and verified the Honor Ensemble recipients will be notified.
- The scores of each ensemble will be used only to determine the honor ensembles. Scores and rankings will not be made public. (The purpose is to choose the Honor Ensemble in each classification, not to have a ranked contest.)
- If you are chosen to perform - the ensemble must be the same classification and makeup of the ensemble that submitted. If the classification of an ensemble changes due to fluctuations in school enrollment after the ensemble is selected, the ensemble will still be able to perform and represent their previous classification. This does not change their official classification.
- If an ensemble that has been selected to perform at the All-State Convention has a change in the position of head director, the ASBOA Executive Secretary and the Honor Ensemble Committee will have the ability to discuss options with the new director and administration.
- Years of Submission/Performance by Classification – **will be adjusted to correspond to AAA 7A Classification for 2018-2019**
 - Group A - apply in 2017, 2019, 2021, etc. and perform in 2018, 2020, 2022, etc.
AAAAA, AAA, EEEE, EEE
 - Group B - apply in 2018, 2020, 2022, etc. and perform in 2019, 2021, 2023, etc.
AAAA, AA & A, EE, E
- DD, DDD, or DDDD ensembles may submit one classification lower than they are listed. DD-AAAAA may submit as a AAAA. Same for Junior High or Middle School.
- If there are no entries from a particular class a year, two may be chosen from the other class.
- If an ensemble backs out of performing at the All-State Music Conference by September 1, then the next highest scoring ensemble will be asked to perform.
- The application will include the Title and Composer/Arranger of Each Selection
- This application is submitted with the full approval of the school administration and in compliance with all policies set forth.
- If selected, the ensemble will perform at the All-State Music Conference and a time and location to be announced.
- No students may miss any part of an All-State rehearsal to participate in the honor ensemble performance.
- All students are AAA eligible on the recording will be in the performance.

A school administrator must certify that the submitted recordings are unedited (not digitally altered or enhanced in any manner).

The application form, a \$50 application fee, and recording are due on or before April 19, 2017, NOT postmarked by April 19.

Failure to submit any part on time will result in the application not being considered.

Appendix E State Marching Contest

Pre-Performance Procedures – Check-In, Warm-Up

Information in addition to these procedures, including site-specific information such as bus/truck parking procedures, the location of warm-up areas, etc. will be included in the band's pre event communications from the event host and the ASBOA Office.

A representative from each band must check-in at the designated Band Check-In location.

Representatives are encouraged to arrive and check in early on the day of the Band's Performance to receive any changes to competition performance times (as it is possible for these times to change due to last-minute cancellations, etc.) or event procedures made after the band's last communication from the host or ASBOA.

Director Name Badges and Field Passes will be distributed at Band Check-In. Each participating band will receive twenty (20) Field Passes. Field Passes allow the holder to travel through the warm-up and performance flow with the band and directors. Field Passes may also be used to enter the Spectator Area during the performance.

Your band will be issued six (6) Director Name Badges, which allows the wearer to enter the Spectator Area throughout the event. (A person issued a Director Name Badge does not need a Field Pass.) Additional Director Name Badges or Field Passes will not be issued and may not be purchased, loaned, borrowed or exchanged.

Note: Student managers or other Students with the band (and involved in the band's preparation and/or performance), with or without a uniform, do not need a field pass or other credential to proceed through the event flow and onto the field with the band.

Warm-up areas will only be available at the event site and may only be used during the scheduled warm-up times at the specified warm up sites. Each band's warm-up time will be included in the final packet, made available approximately two weeks prior to the event.

Time-keeping devices such as metronomes or jam blocks, megaphones or similar voice amplification devices, and audio systems may be tested and used in warm-up areas, but must be used with wire connected microphones, and must remain at a reasonable volume depending on the acoustics of the warm-up area and proximity to other bands/warm-up areas, judging areas, and the Performance Field.

The host or ASBOA Officials, in their discretion, may restrict the use of specific devices (or order discontinuation of use on-site) if they believe such devices interfere with other bands in the warm-up areas or with performances in the stadium.

Wireless microphones and audio and/or lighting control devices may interfere with performances in the stadium and, therefore, may not be used in warm-up areas.

Band Report times will be at least ten (10) minutes prior to the Band's start time. Distances from warm-up areas to the stadium vary from venue to venue. Bands will report to an ASBOA official at the entrance gate of the stadium. The band should be ready to enter the Performance Area at the designated Band Report time.

Only those adults with Director Name Badges or the applicable Field Pass will be allowed to enter the Performance Area with the band. Ticket holders and bus driver pass holders are not permitted to enter the Performance Area at any time. They must enter the stadium at the designated Spectator Entrance.

The band will enter the stadium at the Band Entrance gate and proceed to the Performance Area. An ASBOA official will meet the Band and lead them to the Performance Field for set-up.

Staging: Typically, Bands are staged for Performance Field entry in a designated end zone. Front ensembles, conductor's podium(s), and front-side props are typically pre-staged on the front side of the Performance Area near the 20-yard line. Staging of percussion/guard equipment, props, and other equipment also occurs in this time. Special presets or holding areas are not allowed or provided.

On-Field Procedures

On cue from an ASBOA official, the Band enters the Field. A Band is allowed four (4) minutes to set-up and warm-up anywhere in the Performance Area. All performers, including any members or Field Pass holders used for on-field staging of equipment during the Performance, must enter as described above. Pre-event communications will include additional site-specific information regarding entrance areas and access.

Any/all sound and/or lighting checks on the field may begin as soon as the band's four-minute setup/warm-up time begins.

Pre-recorded (or sequenced) and/or live music may be used for a "pre-show" within the 4-minute setup/warm-up time. Pre-recorded music must cease by the completion of the pre-show announcement. Pre-recorded music may be used after the Performance during the allowed "two minutes to exit," but only after the Performance (live music) has ended.

Adults may enter the Performance Field before the Performance to set up equipment and after the Performance to remove equipment. Adults, including those assisting in setting up props or equipment, must be clear of the Performance Field for the duration of the Performance. Note: This includes end zone sidelines, backfield and the backfield seating areas.

Exception: An adult may enter the Performance Field during the Performance to attend to an issue affecting the safety of Student performers or "catastrophic" equipment failure (such as failure or loss of power or connectivity to a sound system) without penalty, as determined by the Field Manager and/or Contest Director.

Timing Procedure Summary:

- a) Bands are scheduled on 15-minute intervals, with appropriate breaks as scheduled by ASBOA.
- b) Bands are permitted four minutes prior to the designated performance time to set-up and warm-up in the Performance Area.
- c) Announcement of the band begins at 3 minutes, 15 seconds into the four-minute set-up/warm-up time (45 seconds prior to the designated Performance time).
- d) Bands are permitted a Performance time of up to eleven (11) minutes on the Performance Field.
- e) Bands (including Students and adults), equipment, and props will have two minutes to clear the field past the exit-side goal line.
Any group that takes longer than the allotted 2 minutes to clear the field after their performance will incur one of the 2 following penalties:
 1. Any group that takes between 2:01-2:59 to clear field will receive a .2 deduction from their overall final score.
 2. Any group that takes over 3:00 to clear field will receive a 1.0 deduction from their overall final score. (ABA 2017)
- f) A Band's set-up/warm-up time may overlap with the prior Band's exit time.

A Band is allowed four (4) minutes to set-up and warm-up anywhere in the Performance Area. (The placement of any props or equipment must take place during this time). This time will begin at the cue of an ASBOA Official. This time will include the Band's entry and set up on the Performance Field and any musical warm-up.

Three (3) minutes, fifteen (15) seconds into the four-minute set-up/warm-up time, the announcer will introduce the Band as follows:

"Joining us from [School City & State]... please welcome the [School] Marching Band!"

(Announcer pauses for audience response.)

"[School]'s musical selections include the following:"

(Announcer reads their selections.)

"ASBOA is proud to present in State Marching Band Performance,

Drum Major(s) [Drum Major(s) name(s)] and the [School] Marching 'nickname.'" *

*If the Band's Drum Majors are going to salute, it should occur as the announcer is reading/announcing the sentence above. However, a Drum Major salute is not necessary to indicate that the Band is ready to start.

The performance of a pre-show during the four minute set-up/warm-up time or any other on-field activity will not alter the time of the announcement or the timing of the Performance.

Following the completion of the pre-show announcement, the first note of music or the first step or visual move (not including any drum major salute) by a member of the Band will start the timing of the Performance. The Performance must begin within 30 seconds from completion of the pre-show announcement or timing will thereafter begin automatically.

A Band is allowed a Performance time of up to 11 minutes anywhere on and within the Performance Field. Performance timing will end with the end of live music.

Musical exits will be included in the Performance time of the show. Visual exits with percussion cadence (or silence) will be included in the exit timing, and not in the time of the Performance. Any cadence/music used as an exit routine must cease once the Performance Field is vacated.

Within two minutes of the end of the Performance, Bands must completely vacate the Performance Field past the goal line at the designated Band exit. Pre-event communications will include additional site-specific information regarding exit procedures.

Electronics

Electronic units for the production or amplification of Music, other sounds, lighting, and/or visual effects are permitted, provided that their use conforms to this and other applicable sections of this Handbook. If power is available at a site, it may be used at the Band's own risk. ASBOA or the host will seek to provide access to front sideline power as close as possible to the 50-yard line, but takes no ultimate responsibility for supplying power or the failure of a power source it provides.

Audio volumes may be controlled with a wireless device from any place in the Performance Area or the Spectator Area open to the public for the event. ASBOA or the host cannot guarantee the operability of such devices, including the devices' communication with other devices within the Performance Area. Such devices are used entirely at the risk of the user.

Adult operation of electronic devices: An adult may operate such devices

Please note that allowing an adult to operate a soundboard does not grant permission for them to "contribute directly to the music or visual program." The triggering of sound effects, lighting effects, voiceovers and the like is only permissible by a student performer. It is viewed that those aspects are the same as a musical contribution to the show and therefore should only be produced by students within field boundaries. Lighting devices and their triggered events (visual contribution) should similarly be produced by students.

Equipment Use

Off-road mechanized vehicles (defined as golf carts, garden tractors, small ATV All-Terrain-Vehicles, etc.) will be allowed to pull equipment trailers, only for set up and take down, unless prohibited by an individual site. A protective bib must be rigged underneath the vehicle so no fluids drop to the turf or carpet. Pick-up trucks, large tractors or similar vehicles are not permitted. The participating Band and its school are liable and will be held responsible for any damage to a Performance Area or venue caused by violation of these policies and/or actions of the operators generally.

The following are NOT ALLOWED in a Performance or on the Performance Field:

- Any equipment, object, or material (including, but not limited to debris, powder, water, or other liquids) that may cause damage to the Performance Field or Performance Area, that presents a safety hazard, or that disrupts the scheduled flow of the contest
- Pyrotechnics of any kind, including fire, fireworks, or the discharge of arms
- Lights-out routines
- Animals
- Off-road mechanized vehicles (defined as golf carts, garden tractors, small ATVs, etc.)
- Drones or any remote-controlled helicopter, aircraft or similar items
- Hazardous equipment or illegal use of equipment
- Applicable only to enclosed venues (domes):
 - Lighter-than-air or helium-filled balloons.
 - Fog, smoke, or similar effect-generating equipment

Each venue may have its own safety and operational limitations. Use of the foregoing may be permitted upon approval by the venue on a case-by-case, site-specific basis.

The following may be used in a Performance, provided they are not hazardous and do not remain on the Performance Field or in the air following a Performance:

- Powder or other airborne material
- Water or other (non-hazardous) liquids
- Paper, confetti, or other debris

General Conduct

Band directors/staff members may contact the host, the Contest Director, or the Field Manager at any time with questions or concerns. Directors/staff may not contact any judge beginning twelve (12) hours prior to the start of the event, through the completion of the event.

The Contest Director may issue warnings and/or penalties for actions and/or behaviors contrary to the ASBOA mission and core values, and/or that violate the principles of fair play and professional and collegial behavior representative of ASBOA and its mission. Such actions and behaviors include, but are not limited to:

- Warm-up on-site by a Band (or any component of a Band) in areas and/or at times other than those designated.
- Failure to follow directives from the Host or other event staff related to conduct in any area, including parking lots, warm-up areas, etc.
- Overstays in Warm-up areas that intrude into the time and space of other participants.
- Failure to abide by guidelines involving Student performance, and use of electronics and equipment.
- Behaviors that compromise the safety of participants and others and/or that may violate known stadium policies.
- Verbal remarks and behaviors (at the venue, whether in or outside the Performance Area, by Students, staff and/or other badge/pass holders) that are generally disrespectful and contrary to the mission or core values of ASBOA and/or general human conduct and dialogue.
- Any delay of contest, improper conduct, or infraction for which no specific rule or penalty is given.

The Contest Director may, after review, reduce or waive any penalty issued for violation of these procedures. Any reduction or waiver will be noted on the Timing and Penalties sheet of the Band and shall serve as notice that the full penalty may be issued for future, similar infractions by the Band.

**STATEMENT OF PHILOSOPHY - CODE OF ETHICS
ARKANSAS SCHOOL BAND AND ORCHESTRA ASSOCIATION**

Music education is a vital part of the complete education of our students. To implement this philosophy, the Arkansas School Band and Orchestra Association has outlined in their Constitution the following:

PURPOSE

The purpose of this organization shall be:

1. To stimulate interest in instrumental music.
2. Promote leisure time interests which may be continued beyond school years.
3. Encourage good fellowship and sportsmanship between member bands and orchestras through the promotion of tournament activities.
4. Bring before education authorities the work of the Association in order that the value of instrumental music study and training may be clearly recognized.
5. Develop a desire for good music.

We are able to see from this statement of purpose that the foundation on which the Association is formed is basically sound.

CODE OF ETHICS

We, the member/directors of the Arkansas School Band and Orchestra Association, do hereby subscribe to the following Code of Ethics:

STUDENT CONDUCT

Instrumental music is one of the highest forms of the fine arts and is recognized by many research studies as among the most basic of subjects in the total curriculum in education. This recognition requires the utmost of all students, and their teachers, in becoming exemplary leaders in behavior patterns in every segment of their lives. Character development through improved social graces is an integral part of the total educational curriculum and must be accepted by all students just as important as regular subject areas.

The finest behavior must be observed by each individual student and all groups/organizations in every area of activity/performance whether invitational or not. Lewd and suggestive behavior have no place in the study or practice of the fine arts. Teacher/directors are responsible for the necessary leadership to accomplish these goals.

This behavior pattern should be observed in the home, community, and all related activities/performance. ASBOA subscribes to these tenets and will accept nothing less than the best of all concerned.

TEACHER AND ADMINISTRATION

The music teacher should maintain the standards of conduct that have been established over the years. In so doing, the music teacher should:

1. Conduct professional business through the proper administrative channels.
2. Refrain from discussing confidential and official information concerning the school with unauthorized persons.
3. Cooperate in the establishment of school policy, and be responsible for this in the locality in which he/she teaches.
4. Seek employment in a professional manner and not be indiscriminate in the distribution of his/her applications for employment. Application should not be made for a position that is already occupied. An application for a position which has been created through unethical behavior, or is the center of conflict within a community should be considered with extreme reservation.
5. Fulfill the obligations of his/her contract with a school system and give sufficient notice before changing positions.
6. Engage only in such gainful supplementary employment he/she is able to handle without affecting their work as teachers adversely.
7. Not accept compensation for providing advice to local individuals or the school or school administration in regard to the purchase of instructional materials or supplies.
8. Refrain from using the "bargaining process" as a means of obtaining a salary increase.

TEACHER AND OTHER TEACHERS

The music teacher must be fair in recommending the work of another teacher and should not disparage or discredit a fellow teacher. In working with other teachers the music teacher should:

1. Develop a spirit of cooperation based upon common interests.
2. Maintain a courteous, just, and professional attitude.

TEACHERS AND PUPILS

The teacher should be fair and just in relationships with each student, and should not let any form of prejudice affect the relationship. In working with pupils the music teacher should:

1. Recognize the individual differences and needs of pupils, and make adequate provisions for those differences.
2. Keep to himself/herself all confidential information which is provided regarding the student.
3. Aid the student in establishing high goals of attainment.
4. Develop the pupil's understanding and appreciation of the ideals of our American way of life.
5. Not accept payment for the tutoring of pupils except in accordance with the policies of the local board.
6. Refrain from participating in discussions with students which might tend to undermine the pupil's respect for fellow teachers.
7. Conduct himself/herself in a manner which will command respect for himself/herself, his/her professional behavior and leadership, and demand the highest standard of behavior on the part of all students.

TEACHER AND PARENT

Since the successful accomplishment of his/her students is important, the music teacher should maintain close contact with the community in which he/she teaches. So that this contact will be more effective the music teacher should:

1. Identify with the community in which he/she works and take an active part in community civic clubs, churches, and special events.
2. Provide parents with information that will aid them in rearing their children, maintaining a professional manner in discussing all confidential information.
3. Maintain a friendly and cooperative atmosphere with the pupil's parents.
4. Present to the community the best example in financial and moral matters.

TEACHER AND PROFESSION

The music teacher should fulfill all obligations to the profession of which he/she are members. In their actions regarding the profession he/she should:

1. Be a member of the professional organizations and take an active part in them.
2. Insure their professional growth through study, travel, clinics, and conferences, and participation in professional meetings.
3. Observe conduct which at all times will bring credit to the profession, and to the professional organizations to which they belong.
4. Make the teaching professions attractive in ideals and practice in order to induce capable and sincere young people to enter the profession.

TEACHER AND PROFESSIONAL MUSICIANS

The music teacher should exercise extreme caution so that their school organization's performances do not detract from the livelihood of the professional musician they should:

1. Make sure that guidelines for performances are made so as not to conflict with the work of the professional musician - this to be clearly understood by the school administration, civic, and local charitable groups.
2. Limit performances of the school organizations to those school functions that are a part of the school's activities.
3. Participate in civic events only in such a way that will neither detract from nor eliminate completely the professional musician. Details of such appearances should be worked out in advance by the local teacher and a representative of the professional musicians.

TEACHER AND MUSIC MERCHANT

The music teacher should leave all merchandizing of musical equipment to the music merchant, while the music merchant should avoid all activity within the sphere of the activity of the music teacher. In their associations with the music merchant the teacher should:

1. Test and examine all musical instruments or merchandise purchased by the school, or by individuals, and notify the music merchant of any defects in quality.
2. Notify the music merchant of any innovations that will improve the local music situation with which the music merchant may not be familiar.
3. Do not enter into any business relationship with the music merchant whereby the music teacher receives a commission or fee for recommending a particular brand of instrument for pupil, or school, use.

TEACHER AND PRIVATE MUSIC TEACHER

Any discussion with pupil or parent of another teacher's work that injures a teacher's reputation is unethical. In their relationship with private music teachers the music teacher should:

1. Not claim sole credit for the development of a pupil when the achievement of the pupil is the direct result of the efforts of both.
2. Establish definite objectives in the development of pupils which will be followed by both the music teacher and the private music teacher.

SUMMARY

This Philosophy and Code of Ethics should be regarded by all as the pattern of behavior best suited to the music teacher. It is designed to support all of the inherent qualities of the purpose of the Arkansas School Band and Orchestra Association as stated in Article II of the Constitution.

This Code will only be as strong as the members want it to be. Complete understanding and cooperation of all members will be necessary for these ethical standards to have real meaning. Should it become necessary to take action against an offending member as a result of direct violation of this Code, this action shall be taken by the Executive Board in a meeting with the member who has acted in violation of the Code. Such action, if necessary, should be taken in such a way so that pupils in the music program of the violating member are not involved. SEE "DUE PROCESS" PROCEDURES (Part I-B, pages 7-8) for more detailed information.
