## CONCERT ASSESSMENT 2021

- Must complete the Concert Assessment Google Registration Form (not the former interest survey) by **April 7** to officially register for CA.
- Must complete and submit the CAEntryInvoice (also for your bookkeeper), payment, and recordings by **April 14**. Recordings will be adjudicated the following 2 weeks in April. The timeline is dependent upon the number entries. Bands will be adjudicated by regions, both north and south orchestra entries will be adjudicated by the same panel of orchestra adjudicators.
- Must submit 3 sets of original scores for the adjudicators with the measures numbered to the ASBOA Office no later than **April 14**. If you have digital print or public domain scores, provide printed authorization to use the scores. Permission to copy scores must come from the publisher, not a sheet music vendor.
- Must submit audio recordings in MP3 format on or before **April 14, 2021**
- For band – one selection must be a march and the other a selection from the ASBOA or UIL list – adjusted 2021 requirements
- For orchestra – selection of your choice and one selection from the ASBOA or UIL list – adjusted 2021 requirements
- Both selections must have been recorded during 2021 and must be unedited. No splicing within a single composition or movement.
- No engineering, editing, or tampering in any way with the recording after the performance. After the initial recording, compression of the recording in any fashion is not allowed. The only allowable technical alteration to a recording is adjustment of master volume.
- Make sure that each file is correctly labeled with the title of selection and the name of the ensemble.
- Please watch for future updates.

**April 7 – Must complete online Google registration**

**April 14 – CA Entry Invoice, payment, scores due in ASBOA office**
