

Instructions Concerning Parking

Hello everyone,

We are excited to host All-State Jazz Auditions at Jonesboro High School. Here are the entry and parking instructions for Friday, February 7th. Please do not arrive on campus before 3:20 that afternoon to allow for after school traffic to die down. We will only be using the teacher parking lot on north side of campus off of Southwest Dr. and W. College Ave. Please approach and enter the lot by turning at the light on the corner Southwest Dr. and W. College and then enter on Frazier Memorial Drive (as indicated in the provided maps). We will ONLY be able to use this teacher parking lot since there is another event going on in our performing arts center that requires the use of the student parking lot (large main lot in front of gym and football stadium). This student lot is off limits and doesn't need to be used for any reason during jazz auditions. Note the large red X's on the map showing where not to park. We ask that you and your students only enter and exit the school building as labeled on the map. That is the main entrance to the school by our main office.

We ask that you park in the areas labeled in yellow on the North Parking and Entry Map (green on the full campus map). We are looking to use our alternate parking behind the building as needed.

We will be offering concessions in the commons area (cafeteria warm-up area). Please have your students bring money with them for the concessions. Our band boosters will also be offering refreshments in the library where the directors/judges meeting will take place.

If you have any questions, please email me at trent.warner@jonesboroschools.net

Thanks and see you next week!

Trent Warner
